## NEW PASSES AND FAREBOX

HARTransit will install new fareboxes in the next two weeks, along with new electronic passes that will be introduced for Monday, January 30.

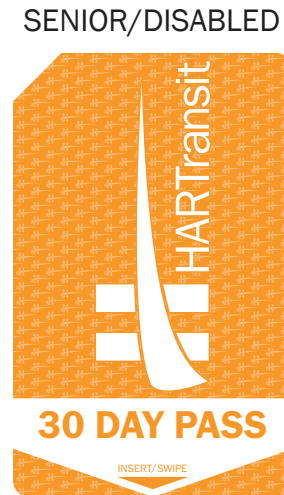

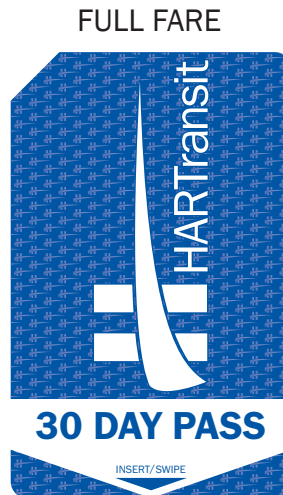

### 10 RIDE

passes should be inserted into the farebox, which will remove trips as the pass is used. Prices for the 10 ride pass will remain the same.

### 30 DAY UNLIMITED RIDE

passes will replace the monthly fast pass, activated by inserting the pass into the farebox on its first use. Swipe the 30 day pass when you board to activate your fare every time you ride. The 30 day pass will be the same price as the monthly.

Please note that the new fareboxes will not accept bills over 5\$.
