## **Rider Information**

### **CityBus RULES**

In the majority of the system, it is necessary to catch the bus by standing at a red, white and blue HARTransit bus stop sign. Be ready at least 5 minutes before the bus is due to arrive.

Flag stops are allowed under normal conditions in the following portions of the system only:

- Deer Hill Avenue in Danbury.
- Hillside Avenue, Sunny Valley Road, Dodd Road and Old Park Lane in New Milford and on Federal Road between Junction and Silvermine Roads in Brookfield and in areas of road construction on Route 7.
- Route 7 south of the Danbury Mall.
- On any buses traveling in New York State.

To board in an area where flag stops are in effect, stand near the curb and wave to the bus. Do not wait on a curve, next to a right-turn lane, or on the opposite side of the street from the bus.

Drivers are not authorized to stop for passengers flagging down the bus where bus stop signs are installed, unless the system is on snow routes.

### **Bicycles**

HARTransit welcomes bicycle riders to travel on the bus with their bikes. Every Citybus vehicle is equipped with two bike racks. Standard bicycles are not permitted inside HARTransit Vehicles. Folding bicycles, as long as the passenger maintains control over them, are permitted inside vehicles.

Service animals are welcome on HARTransit vehicles. If you travel with a service animal.

Pets up to 20 pounds may be transported in carriers designed for that purpose. Drivers cannot help passengers carry pets.

HARTransit buses accommodate all wheelchairs, scooters or other mobility devices up to the maximum physical dimensions and constraints of the bus. HARTransit vehicles have lifts and ramps with an 800 pound capacity. Drivers are trained to safely operate wheelchair lifts and secure mobility devices on the bus.

Scooter users are asked to transfer to a seat after boarding. Most scooters cannot be tied down as securely as a standard wheelchair and are not designed for use on a moving vehicle.

Other mobility devices such as walkers and canes are accommodated. Passengers that have trouble with steps may use the ramp. Respirators and portable oxygen are also permitted.
