

WHAT ARE SNOW ROUTES?

In the event of inclement weather, HARTransit buses will bypass difficult locations until conditions improve. All buses allow flag stops while on snow routes. Please use signed bus stops when conditions are safe, but don't take unnecessary risks trying to reach them.

WINTER SAFETY TIPS

- ❄ When walking to and from the bus, stay aware of the weather conditions outside, especially slushy, icy conditions at the bus stops and on the sidewalks leading to them.
- ❄ Always watch your step, as slush can quickly change to ice.
- ❄ Use handrails when boarding or exiting the bus. Water drippings from overcoats, umbrellas and boots can glaze over as temperatures drop and make stairs very slippery. A firm grip on a handrail can prevent serious injury.
- ❄ Snow, slush and ice from boots can make vehicle floors slippery. Continue to watch your step once you are on the bus.
- ❄ Please move toward the back of the bus to allow other passengers to get out of the weather conditions and on to the bus quickly. Please keep the front of the bus clear for boarding passengers by exiting the bus through the rear door.
